

The Nifty ended 0.51% up at 15,174.80. It opened on a positive note and continued trading extremely volatile within a narrow range towards finishing off with a Doji candle. Candle pattern pointing towards range-bound oscillation while immediate resistance is placed around 15,250 levels. Probable trading range is likely to be 15,250-14,900.

On the Nifty hourly chart; direction of the leading oscillators, suggest range-bound oscillation in the price band of 14,900-15,250. Critical MA band is placed around 14,800 levels.

Nifty patterns on multiple time frames suggest; ending the day with a Doji candle suggests the benchmark index may continue trading range-bound. Major up move is highly unlikely as long as it trades below 15,250.

M&M revamps EV division, to have separate verticals for last mile and personal EVs

At a time when global majors are making a complete shift towards electrification, Mahindra & Mahindra, the maker of Scorpio and XUV sports utility vehicles, is doubling down on its future electrification strategy. To this effect, the company has created a new structure - with a clear focus on the last mile transport solution and the first mile - personal SUV EVs. The company is focusing on its core of SUVs and may be rationalizing the hatchback and sedan EVs in the future.

Hitachi ABB Power Grids bags Rs 160 cr order to supply transformers to Indian Railways

Hitachi ABB Power Grids in India has bagged order worth Rs 160 crore to supply transformers to Indian Railways. Hitachi ABB Power Grids in India (listed on the stock exchanges as ABB Power Products and Systems India Ltd) has won orders worth Rs 160 crore from the Government of India's electric locomotive manufacturer, Chittaranjan Locomotive Works (CLW), and the Central Organization for Rail Electrification (CORE), to power electric freight locomotives for the Indian Railways. Hitachi ABB Power Grids will deliver traction transformers for one of Indian Railways' most successful class of locomotives, the WAG 9, which was developed in response to strong growth in the rail freight transportation sector; for CORE, it will supply trackside transformers. Indian Railways manages the fourth-largest rail network in the world by size. It is aiming to create a future-ready railway system, bringing down logistics costs for industry and supporting the Make-in-India initiative. This plan aligns with the government's goal of achieving 100 per cent rail electrification by December 2023 and making Indian Railways a net-zero carbon emitter by 2030.

Northern Arc Capital raises \$10 million from US investor Calvert Impact Capital

Northern Arc Capital has raised \$10mn debt from US-based impact investor Calvert Impact Capital, close on the heels of its raising \$50 million from American development bank US International Development Finance Corp. This is Calvert Impact Capital's largest debt investment in India. The local non-bank lender plans to use the fund towards on-lending to financial institutions as well as lending directly to retail customers and to mid-market corporates. Underbanked customers, including low-income households and small businesses, to whom credit has dried up over the last few months due to the pandemic, will be a key beneficiary of the proceeds. The partnership with Calvert Impact Capital is long-term & multi-dimensional, helping both organizations achieve common goals across impact and growth. These include aiding small businesses and promoting gender equity, a cause that is strongly endorsed by both organizations.

Meril Life Sciences launches indigenously developed bioresorbable scaffold

Meril Life Sciences on Wednesday said it has launched indigenously researched and developed bioresorbable scaffold (BRS) MeRes100 in the country. Bioresorbable scaffolds are non-metallic, non-permanent mesh tubes, similar to stents, that dissolve over time after ensuring the previously blocked artery is opened via a routine angioplasty procedure. This novel therapy option, which can meaningfully treat an identified subset of the patient population, will be launched in a phased, sequential manner to ensure adherence to best clinical practices and continued development of clinical research and long-term evidence. Currently, MeRes100 is being launched in 16 cities across the country -- including Mumbai, Delhi, Gurgaon, Bangalore, Chennai, Pune, Hyderabad, Ahmedabad, Lucknow, Chandigarh, Mohali, Jaipur, Kochi and Eddakad (in Kerala), Nagpur and Bhubaneswar.
