

The Nifty previous session ended 0.32% down at 15799.10. It opened gap-down and recovered, however, failing to breakout 15900 still remains a major concern. Chart pattern suggesting, the Nifty getting into trading range of 15630-15900 is a possibility. Next support below 15630 is placed around 15400 levels. Breaking out the resistance placed around Nifty 15900 is the challenge.

On the Nifty hourly chart, direction of the leading indicators suggesting bearish bias likely to persist as long as it trades below 15900 levels. Immediate trading range is likely to be 15630-15900.

Nifty patterns on multiple periods suggesting; failing to breakout 15900 remains a concern for the bulls. Hence, staying cautious on rise is advised. Intraday retracement towards 15700 and 15630 is likely.

## Nifty Intraday Chart

## Market in Retrospect

India's stock benchmarks pared most of the day's losses, but declined, dragged by banking, information technology and fmcc stocks, amid fall in global equities and rise in oil prices. The Sensex and Nifty snapped a four-day winning streak on Wednesday.

Nifty index ended 0.32% lower at 15,799. The broader markets represented by the Nifty 500 Index ended 0.34% lower, ending at 13,418. Among the sectorial indices, Nifty Energy was the top gainer gaining by 2.02%, followed by Nifty PSE which was gaining 0.72%. Nifty IT was the top loser losing by 1.29%.

ONGC was the top gainer, gaining by 3.21%, followed by NTPC and RIL which gaining by 2.27% & 2.08%. HDFC Life Insurance was the top loser, losing by 4.36%, followed by HUL and Apollo Hospital which losing by 3.63% & 3.24% respectively.

The Advance : Decline ratio stood at 851:1,259

### **Jet Airways in talks with aircraft makers, lessors to lease 6-8 planes by December**

Jet Airways is in discussions with aircraft manufacturers and lessors to lease 6-8 planes, including some of those which were to be delivered to Russian carriers prior to the Ukraine war, as it gets ready for the relaunch. Once a major player in the Indian aviation space, the carrier has not flown since April 17, 2019 and is being revived under the ownership of the Jalan-Kalrock consortium. Last month it got its air operator certificate revalidated by the aviation safety regulator DGCA. According to the source, Jet Airways is looking to lease 6-8 aircraft by December. Jet Airways confirmed that the airline is in "advanced discussion" with the lessors and original equipment manufacturer (OEMs) but did not share specific details. The airline has also decided not to retain the aircraft currently in its fleet and instead dispose of them.

### **PVR restarts capex cycle, plans to open 125 screens in FY23**

Leading multiplex chain operator PVR expects the movie exhibition industry to bounce back "dynamically" in FY23 and plans to open as many as 125 screens during the year, its highest ever tally in a year. According to the company's latest annual report, PVR, which is merging with rival Inox Leisure, expects the process to be completed this fiscal. As per the terms of the merger, its Chairman and Managing Director Ajay Bijli will be the Managing Director and Joint Managing Director Sanjeev Kumar will be the Executive Director, respectively, of the combined entity PVR INOX for a term of five years. PVR has already ramped up operations in a significant way as it saw audiences come back to theatres after the third wave of COVID-19.

### **Steel prices likely to go up again from July 1 on high input cost**

After back-to-back downward corrections, steel prices are expected to rise from July due to high input costs. Secondary steel makers have already increased the price of rebars by Rs 2,000 to Rs 55,000 per tonne in the last four days. There are various other factors building pressure on steel makers adding there are issues with the availability of coal. Rakes are also not available for the supply of coal as most of them have been diverted for power sector. Steel players use iron ore as raw material to make steel and coal to feed their captive power plants. According to SteelMint, prices of hot rolled coil (HRC) are ruling in the range of Rs 59,000-60,000 a tonne from its peak in May at Rs 76,000/tonne.

### **Govt approves deregulation of sale of domestically-produced crude oil**

The Cabinet has approved the deregulation of the sale of domestically-produced crude oil. Condition in Production Sharing Contracts (PSC) to sell crude oil to the government or its nominee or government companies will be waived. This essentially means producers will be free to sell oil from their fields in the domestic market. This better realisation for oil companies may boost the Centre's royalty and cess income as they are charged as a percent of the price. Cess is pegged at 20%, while the royalty is pegged at 20% for onshore and 10% for offshore production. Higher royalty and cess income will offset some of the government's Rs 1 lakh crore revenue loss due to excise duty cut on petrol and diesel.

## **Tata Steel to spend Rs 1,200 crore on new technology development over 4 years, non-steel materials in focus**

Tata Steel Ltd is betting big on new technology development over the next three to four years and has firmed up plans to pump in around Rs 1,200 crore as a part of its endeavour to "enter materials beyond steel". In the new materials business, the steel giant has been focusing on graphene, which can be mixed with plastic and recycled like brand-new products, among other attributes. Tata Steel is a leading global producer of graphene-enriched products - the biggest in the country and among the top 10 in the world.
